

Report on OCP Guidance Seminar

As per the convention of **Gardi Vidyapith** to enlighten the students toward their ambitions and progress the **CSE/IT Department of B. H. Gardi College** takes the various steps by organizing seminars, workshops, expert talks, etc.

Those who want to make their career in IT industries need to get certified of their respective area. With the increase in candidates applying for jobs in recent days most of IT companies shortlist candidates based on whether they have got certification and so getting certification is a must for all in their respective area to increase their entry in job market. **Oracle certification** apart from helping entry into job market by making them confident in their abilities in their area of certification and there by helps them to present a more marketable résumé to prospective employers.

To guide the students a seminar on **ORACLE training program** was organized on 31st January, 2012 which was delivered by Mr. Amit Patel, Mr. Rathod and Mr. Madhusudan

Introductory speech by Prof. H. M. Nimbark
HOD CSE/IT Dept. B.H.Gardi College of
Engineering and Technology.

Following Thought were taken care in session:
