

B H Gardi College of Engineering & Technology

Expert talk on “Importance of Structural Analysis”

Schedule: Date: 8th July, 2017

Time: 09:00 to 11:00 AM

**Venue: Mini Auditorium, B. H. Gardi College of Engineering and
Technology, Rajkot**

- **The Department of Civil Engineering had successfully conducted a workshop by field expert Er. Ashish Satasiya at Gardi Vidyapith Campus on 8th July, 2017 for 5th and 7th semester civil engineering students on the identification and resolving the complications generated due to accidental error, personal error and other errors at the construction site during the construction activities. The talk on competency of the structural engineering at the site and problems occurred at the site. The true essence of structural consultancy and related professional skills were stimulated to the students. More than 130 students had been benefitted with the event and interaction to the expert.**
