

Adventure Trip to Polo Forest

The picnic was planned to polo forest, vijaynagar. The polo forest area was a part of a vast territory and vijaynagar was the capital six hundred years back the ancient city was pilgrimage for jains and shiv dharma people of the area. The jungle have 4 sculpture gate made of local sedimentary rocks in each direction. Development of the city was done along the river bank of harnav. The temples were destroyed by the Mughals and now are the heritage site. The jungle are rich with many wild animals like leopard and bears. Spiders and pythons are also found in dense jungle area. In trees, here are more than 600 types many species of water bird and crabs are also found in the river and reservoir. The area is sanctuary and being maintained by the dholwani rang forest department. The government has also established a camp site with a view to provide nature education and develop the site as tourism place. It is due to the fore sight of **Prof. Vimal Patel (HOD)** and tremendous but indefatigable effort of **Asst.Prof. Rahul Parmar** a tour had been planned from **16/09/2016 to 18/09/2016**. The tour had been planned considering the comfort, safety and security of the students in a manner to deliver the awareness about nature and adrenaline rush through the trekking and camping. The tour was handled by **Asst. Prof. Rahul Parmar, Asst. Prof. Jay Vekariya, Ms. Kajal Dudhatra, Mr. Jagdish bhalsod**.

So the voyage transform like this.....

Chapter 1. IDARIYOGADH

“Mountain to triumph for enthusiastic CIVIL GARDIANS”

Idariyogadh which had been a fascinating overview of national history of Mahabharata period. The most viewable was the **chariot of queen** and **sarneshwar** temple that student visited and were astonished of the carving & monument history. The fort on hill depicts the story of Queen

whose tantrum had been afforded by the king during reign, the fort was her place to hide to tease the king. The student chased the mountain of 640ft chanting the amazing story of king and queen. The non-government organization joined us at Idariyogadh & they were the professional who guided as throughout the camp from this point. The students were divided into 8 groups & named fascinating team to enthuse the students.

“The memories of chasing their destination- Idariyogadh”

Chapter 2 POLO FOREST:

The student after conquering the hill get relaxed by having bath in river. They develop the tent over the hill & camp fire on the hill. The student enjoyed the hill climbing, relaxation along river side & tent making on the hill. It was amazing experience for students living inside tent, new sun rays glittered view was awaiting in next morning. The students enjoyed the stretching under the energetic light of sun, which gives feeling of blessings showers on them. The student then were maneuvered for tracking over Bhim Mountain, where the local guide joined troop & guided them to recognize the animals & tress of the forest. So. It was an overall exciting forest exploration. The focal point of the forest was Echo point where the students cheerfully shouted “GARDI” & reflects that whole forest welcomes “GARDI” in return & student were engrossed in trip immortally.

Chapter 3 RAPPLING AT SAPAVADA:

“A Mountain Of sedimentary rock – A Spot Of Adventure”

The most turning point of voyage begins “C_L_I_M_B_I_N_G & R_A_P_P_L_I_N_G” . The students initiates with the climbing & develop the notion of different method of climbing between the rocks recognized as “chimney climbing”. During climbing the adrenalin of students & faculty Rush down of anxiety but they enjoyed the same overcoming the fear. The CIVIL ENGINEERS reflect their engineering when some girls were frightened to overcome a gap they form human bridge so as to make easy pass for the girls. The instructor boosted the student before the Rappling as they had covered all the safety aids, where student was concealed with the fear but when they face the fear by rappling they enjoyed it a lot & demanded it a another time.
