GARDI ACHIEVERS @ XITIJ 2015-16

Culture is the widening of the Mind and of the Spirit - Jawaharlal Nehru

GTU believes in all round development of the students and a platform was provided to them to showcase their cultural instinct - GTU Youth Festival: XITIJ 2015-16. The event was organized at LTIET for Rajkot Zone during 18th - 20th of September 2015 wherein all colleges participated with full enthusiasm and rigor.

The event had main 4 categories of competitions - Theater, Music, Literal Events and Fine Arts which were further classified into 20 sub-categories. Participating teams and individuals gave phenomenal performances which reflected their zeal, passion and craving for culture and strong desire for achievement. In the midst of hard-hitting competition, the students of B.H. Gardi College of Engineering and

Technology proudly bagged 6 awards proving their versatility once again.

BHGCET has always taken adverse situations as opportunities to nurture the development of the students, which aided students to give their best within minimal time and with determined practice. With the combined efforts of whole team, they displayed exceptional team work, unity and prodigious performances.

Team of One Act Play - Techno Yumlog

2nd Prizes:

- **On Spot painting:** Isha Seta
- **On spot Poster Making:** Karan Nandaniya
- **Mimicry:** Jay Sakariya

ENHANCING KNOWLEDGE

Finclave-2015 : Financial-Literacy Quest

Finance Club of Kum. M.H Gardi School of Management had organized an innovative and informative financial quiz namely Finclave -2015. The main motive behind the event was to increase the financial literacy of students and enhance their knowledge.

In elimination phase, test was taken which included MCQ and Short questions. Thereafter, from each class top 15 students who got highest marks were filtered to form each team. During the checking of papers there was a round for engaging the audience, Fin Silk Quest. By applying the rules of "High Risk and High Return", the students earned chocolates as per the difficulty level of questions. That was really a fun plus learning quest.

Focused team players

Attentive participants

In First Round they had to answer list of things from the given chit. In second round they did acting on the basis of given chit on financial terms. Third round was buzzer round, in which market movers faced difficult questions and suffered minus 5 for wrong attempt.

All students took part very enthusiastically and enjoyed a healthy competition among them. Markable increase in their financial literacy was observed after the event.

Heartily congratulations to the winners, namely Kausha Raithatha, Boricha Nirav, Nikita Goswami of MAM-1STsemester from Religare team.

- Assi. Prof. Kanchan Parmar (M.B.A. Dept.)

Glimpses of Finclave-2015:

Guided By: Finance faculties

Event managed By: M.B.A-Semester-3

Held on: 09-09-2015

Rounds: **Fin -Quest Phase: 1** Screening Round

Fin -Quest Phase: 2

- Round 1: 1 Min Fin Buzz
- Round 2: Fin Dumb sera
- Round 3: Market Movers

Special Round for Audience: Fin Silk Quest

Participants: All classes of M.B.A & MAM

Teams: Religare, Motilal Oswal, Share Khan, India Bulls, Angel Broking.

Winners: **Religare Team** with 37 highest marks

Winning Team Members: Kausha Raithatha, Boricha Nirav, and Nikita Goswami from MAM-1ST SEM.

SPORTS ROUNDUP

Sports Hour Celebration at MHGSM

Sport is a tool which vitalizes the body as well as mind of an individual. Specifically being a management student one needs fit body with sharp mind. Some sports are useful for strengthening the body some are for mind.

Considering the same, the day of 9/9/15 was celebrated as an innovative Wednesday; a session was kept as a sport hour. The whole session was planned and conducted by the Students of MBA- I. In this event they arranged few games in which partakers had to use their mind more than the body.

Fun filled competition

No give-up

Students took part in the games very enthusiastically and enjoyed a lot. Support from the spectators and other staff members were also remarkable.

Basic Objectives

- Understanding to object skill
- Focus
- Wining in competitive environment
- Time management
- Team management

ACHIEVEMENTS

Faculty Achievements

1) **Asst. Professor Nilesh A. Ankaleshvariya's** Research paper titled "Significance of the knowledge management", was published in the September issue of Research Hub International Multidisciplinary International Journal (RHIMRJ)

2) **Asst. Professor Samir M. Dholakiya's** Research paper titled "A Study on Effectiveness of T.V. Commercial for Promoting Destination Branding of Gujarat", was published in the September issue of Research Hub International Multidisciplinary International Journal (RHIMRJ).

3) **Asst. Professor Nilesh A. Ankaleshvariya** has participated in the GTU organized 5th International Leadership Excellence Summit - Learn to Lead." On 12th September 2015.

4) **Dr. Vishal Khasgiwala** participated in the GTU organized International FDP on Learning & Development from 09.09.2015 to 11.09.2015.

Students Achievement

C S E / I T Students Achievement

Students of 7th IT, Mr. Chirag Aboti and Mr. Vidit Godavariya, have grabbed the opportunity to develop a Consumer Protection

Application from Ex. MP Shree Ramjibhai Mavani who is the founder president of "RAJKOT SAHER/JILLA GRAHAK SURAKSHA MANDAL" and EX. M. P. of LOK-SABHA. CSE/IT Department wishes them best of luck for their endeavour in developing an application that will be helpful to common people.

Application's main features would include:

- Online Consumer Complaint registration facility regarding products or services.
- Providing awareness about Consumer Protection Rights
- Providing information about various Consumer Acts, etc.

ACTIVE LEARNING

Case Based Learning - SDP by MBA Department

Case Study has been observed as one of the effective learning tool especially in Professional and higher education studies. Kum M. H. Gardi School of Management had organized Case Based Learning as Student Development Program on 23rd August 2015.

Dr. Vishal Khasgiwala, the Director of Kum M. H. Gardi School of Management was the Key Note speaker for CBL - SDP. Admiring the overwhelming response of students, the accommodation capacity was expended from 60 to 84. Students were from prominent colleges of Rajkot like Kanasagara, Harivanada, etc.

The team of Novices and Educators

Key note speaker

Enthusiast participants

CBL - SDP was in divided 3 sessions which included 2 technical and 1 introductory session. Dr. Vishal Khasgiwala, a key note speaker had very nicely planned to direct the flow of the session

by divided the students in 4 groups, like Micromax, Snapdeal, Quicker and Flipkart and then after case learning were performed as simulation.

Students had found learning through case let as one of very interesting and easy way of leaning. Learning Kit including case lets, study notes, pad and pen was given to each students. Assi. Prof. Keyur Popat had coordinated the events with Assi. Prof. Samir Dholakiya, Assi. Prof. Viral Raval and Assi. Prof. Ashita Madam along with other faculty members.

Mr. Prashant Mehta, CEO, Gardi Vidyapith had congratulated Dr. Vishal Kasgiwala, Director cum Key Note Speaker of CBL - SDP for adding one more successful feather in the cap of KMHGSM as well as he had also appreciated the efforts of all faculties members for making the event Grand Success.

Intent audience

- Assi. Prof. Keyur Popat

CELEBRATION

Human Resource Club Event

Janmashtami is the holy festival of Hindu religion. The festival of Janmashtami is celebrated with great ardour and enthusiasm all over India and even abroad. MBA department celebrated this festival with full of joy on the date of 02/09/2015. HUMAN RESOURCE CLUB had organized this festival in which there were competitions of 'MATAKI FOD' and 'NARGOL'.

In 'MATAKI FOD' competition, the student of MBA 1 semester Miss. Charmi Liya won the game. And the other game is 'NARGOL' in which the students of MBA 3rd semester won the game.

From this competition, the HUMAN RESOURCE CLUB wants to

Fun time after celebration

make students know how to communicate with others, how to build leadership, how to make ordination with others how can use our wisdom.

Teachers' Day Celebration

A good teacher is like a candle - it consumes itself to light the way for others.

In India 5th September is celebrated as Teaches' Day as a mark of tribute to the contribution made by teachers to the society. 5th September is the birthday of a great teacher Dr. Sarvapalli Radhakrishnan, who was a staunch believer of education, and was the well-known diplomat, scholar, President of India and above all a Teacher. Dr. Radhakrishnan became the President of India in 1962; he was approached by some of his students and friends and requested him to allow them to celebrate 5th September, his "Birthday". In reply, Dr. Radhakrishnan said, "Instead of celebrating my birthday separately, it would be my proud privilege if September 5 is observed as Teachers' Day". The request showed Dr. Radhakrishnan's love for the teaching profession. From then onwards, the day has been observed as Teachers' Day in India.

MBA & MAM students of KUM M.H. GARDI SCHOOL OF MANAGEMENT celebrated teachers' day on 2nd September, 2015. Many students across all semesters delivered lectures on different subjects. The programme was anchored by students of MBA-3 Mustufa Bharmal & Vaidehee Joshi. Prizes were given to the best teachers amongst the students who delivered lectures efficiently. From MAM-1 Nikita Goswami; From MAM-3 Vasav Buddhadev; From MAM-5 Nishit Gohel; From MBA-1 Nikunj Timbadiya & From MBA-3 Mahipat Chauhan have been awarded as best teachers. The teachers of college were felicitated with thank you gift by students at the conclusion of event. Students have performed drama, songs, mimicries regarding teachers' day in the function. Overall it was remarkable function arranged by the students.

Elektrikos 4.0

Date: 15 September 2015

Venue: Convention Centre, Gardi Vidyapith

Give a spark to your DreamIgnited

Inauguration

Obstacle's chain - Robolan

What is success but these 3 smiles is our success

Finally fruitfully ignited elektrikos 4.0

Electrical Department of B. H. Gardi College of Engineering and Technology, was proud to bring to you the Fourth edition, **ELECTRIKOS-4.0'15** - a Rajkot region Level Technical Event organized on 15 September 2015. ELECTRIKOS-4.0 gave a platform to the students to y their new and innovative ideas into the real sense. ELECTRIKOS-4.0 stands for the endeavour to appreciate intellect and give budding technocrats a feel of real-time man made wonders; vouches yet again to be an enthralling experience. ELECTRIKOS-4.0 provided a platform to interact with the best minds, displayed the marvel of modern is technology to the youth. The objective of this ELECTRIKOS-4.0 was to bring to the students common platform to interact and share their innovative ideas, knowledge and to highlight new concepts in variety of technologies.

ELECTRIKOS started with a documentary on the Great Scientist Michael Faraday, because the event was organized on his birth anniversary. **Michael Faraday**, FRS (22 September 1791-25 August 1867) was an English scientist who contributed to the fields of electromagnetism and electrochemistry. His main discoveries include that of electromagnetic induction, diamagnetism and electrolysis.

The Main Events of ELECTRIKOS-4.0'15 were following:

Please read every first photo of and see what is meaning of that photo because we are engineer so its called creativity.

AP TECH TRIVIA: (A Competition on Aptitude and pi): The purpose behind this event was to aware participants about how to crack aptitude test and get idea of any kind of job interview. By this event candidate can know about etiquette to give an interview and what type of atmosphere is there. Candidates also got knowledge on how to prepare creative resume .In this event there were two rounds in which one round for aptitude test and second round was for personal interview and outcome of this event was to prepare the better future engineer in every student.

This aptitude test reflected the development of skills.?

ROBOLAN: (A Competition on ROBOTICS): Participants focused on how to clear the tracks made by organizing committee. The main aim of this event was to aware students with robotics and its importance in day to day life. Making a robot which can be controlled precisely and most important matter is how well coordinated your brain is with the mechanics and dynamics of the robot. The key to complete this challenging task required concentration, everlasting efforts and foreseeing vision and memory power with professional handling of robot.

BRAIN BOX: (A QUIZ Competition): This was an event (quiz) which helped the candidates to check their Intelligence quotient as well as General knowledge. It contained the questions from Electrical world, GK, and Latest facts.

IDEA INTRECTO: A Competition on PROJECT GROUP DISCUSSION, the event aimed to build leadership skill. The participants concluded their topic of discussion with brief description within given time. Judges evaluated participants on bases of their communication skills, confidence, adaptability, understanding etc. The objective of this event was to develop the self-confidence and analytical ability of the participants.

BRAIN Wave Represento: A Competition on RESEARCH PAPER BASE PRESENTATION in which the students learnt so many things like how to refer research paper for the particular topic .This was basically presentation based event. In this event participant had to deliver a presentation within given time limits in front of respective judges. The performance of the participant was judged on the basis of their presentation skills, depth of knowledge, communication skills and the way of answering judge's questionnaires. The outcome of this event was it made students aware about new technologies. From this type of events students can build up their confidence.

MONSOON PLACEMENT SEASON OF CSE/IT/MCA 2016 BATCH OF BHGCET

Delivering Results, Reliability and Dependability

Placement Season of CSE/IT and MCA 2016 batch was initiated with back to back 3 Pool Campus Recruitment drives @ B.H.Gardi College of Engineering & Technology.

MNCs like Infostretch Solutions Pvt. Ltd. from Ahmedabad, Lets Nurture from Ahmedabad and Ncrypted Technologies Pvt. Ltd. from Rajkot added liveliness and a dose of enthusiasm in the final year students by conducting pool campus drives at the B. H. Gardi College of Engineering & Technology.

SUCCESS @ POOL CAMPUS OF NCRYPTED TECHNOLOGIES PVT. LTD.

Ncrypted Technologies Pvt. Ltd., a Rajkot based reputed software company conducted the Pool campus recruitment drive on 15th July 2015 at B. H. Gardi College of Engineering & Technology.

Total 190 students were eligible according to company's criteria. Finally they recruited 6 students from this drive out of which 4 students are from 7th Semester CSE/IT Department of B. H. Gardi College of Engineering & Technology.

Gardi Vidyapith family congratulates these students and wishes them best of luck for their prospective career ahead.

LEARNING NEW DOMAINS

Effective Video Making

Date: 25th September, 2015

The first and the foremost workshop organized by the newly formed chapter body of BHGCET IUCEE-SPEED was conducted on 25th of September aimed to give a quality output to all the participants who were present there with a desire to learn "Effective Video Making" to give an astonishing effect to the videos they make.

The workshop began with an ice-breaking session, focused mainly on "Swatchh Bharat Ki Swatchh Hawa" contest organized by IUCEE-SPEED. This contest looked forward towards a sturdy solution to diminish

Inclusions:

- Ice-breaking session
- Introduction to IUCEE-SPEED
- Introduction to Air Pollution contest
- Video making workshop
- Feedback from attendees
- Membership drive

Tools used:

- Proshow gold
- After effects

the Air Pollution in India.

The session was followed by introduction of IUCEE-SPEED and its formation followed by the workshop on "Effective Video Making" which has become an obligatory art. Over 100 participants learnt to make an effective video and around 50 of them expressed their keenness to participate in the contest (Swatchh Bharat ki Swatchh Hawa) and became a part of BHGCET IUCEE-SPEED.

The chapter body aspires to organize more workshops in coming future to benefit all the students of various branches and assist their growth.
 - Jill Pathak (5th CSE-S)

Focused mind power is one of the strongest forces on earth !!

Visit @ Machine Tool Expo-2015

Sixty Two Students of 3rd semester Mechanical Engineering along with Prof. Parag Paija, Prof. Maulik Patel and Prof. Devendra Parmar of BHGCET recently visited the Machine Tool Expo 2015 at Mahatma Mandir Gandhinagar on 25th Sep. 2015. It is the one of the Biggest Tool Expo Held in this Year. It was organized by Indian Machine Tool Manufacturer Association. The exhibition primarily focused on the manufacturing solutions for the industries. The expo was a one-stop destination to display technologies and solutions needed to upgrade and improve productivity and quality of machine tools. Total 42 MNC had participated in this Expo. Objective Of this Visit was to explore the new technologies in the field of Design, Manufacturing, and R & D in the Mechanical

Feedback from Students :

This visit gave us chance to explore recent technologies available in the field of mechanical engineering.

- Mitesh Trivedi (3rd Mech)

The subject was really very interesting, innovative and helpful for students. The session was taken in very interesting ways with videos & examples. I have enjoyed learning.

- Bharat Gopiani (3rd Mech)

Engineering and also to understand the recent scenario and opportunity of the branch.

- Prof. P G Paija, Prof. M H Patel, Prof. D V Parmar

Students visited Machine Tool Expo at Gandhinagar

Exploring the future technologies

Hands on experience on tapping technology

WORK ON FIELD

Industrial Visit

The ever growing, updating with the innovative thinking concept to bring enthusiastic way of learning to engineering subjects, the civil department of B.H. Gardi College of Engineering and Technology arranged the visit for 3rd semester civil engineering students. They visited Building Construction site at 150 feet ring road

Observing form-work of steel stair case construction

Observing formwork of building

Dog-legged staircase construction

near AP Park on 20/8/2015 led by faculties **Mr. Sandip Rathore** and **Miss. Kajal Dhudhatara** to bring awareness how the different materials are used in construction and how they are in demand for construction of better aesthetics and long life of building.

This site visit brought in knowledge to determine, evaluate and maintain engineering properties of building materials. It also cultivated, nurtured and gave exposure to step by step process from foundation to floor to roof level construction and they were able to identify the problems faced at site during construction.

Live Learning

"PRACTICALS ARE THE ORIGIN OF THE THEORY"

In today's world the demand of skilled and efficient engineers is increasing and to fulfill the gap between demand and supply on field working was introduced by civil department every time and one such glimpse was "**different types of brick bond**" an initiation by the faculty Miss. Kajal Dhudhatara.

The 3rd semester civil engineering students prepared different brick bonds and understood the theory of 'how bricks bonds need to be laid' and to further improvise the header stretcher bond in bricks, its advantages, disadvantages and to indoctrinate skills of laying bricks, under the guidance of faculty Miss. Kajal Dhudhatara.

Organized brick bond

Zig-zag brick bond

Outcome of Live Learning to students:

- Understood the concept and the technique of laying bricks.
- The students are able to grasp concept easily.
- Able to classify where different types of brick bonds are better to be utilized.
- Enjoyed learning of theoretical subjects.
- The properties of bricks were better grasped for different type of bond.

Directing the students

ACTIVE CSI

Excellence & Innovation Built Into Every Design

Workshop on Digital Brand Designing

CSI BHGCET Student Branch activities @ CSE/IT/MCA Department

CSE/IT/MCA Dept. of Gardi Vidyapith, under the cap of CSI (Computer Society of India) BHGCET Student Branch, conducted a workshop entitled as DIGITAL BRAND DESIGNING, on 8th and 9th September 2015. This workshop aimed to train students for Graphic Designing Tools & Utilities that enhance an application or product looks, and attract customers to use the same.

BHGCET Students taking the lead to create a world of better designers

Content covered during workshop

This workshop was conducted by the speaker named Mr. Neel Sangani, the Student from 7th Semester CSE Dept. Workshop focused on the Protocols concerned with the customer's mentality for USER INTERFACE DESIGNS.

The content of Workshop was as following:

- Performing on various functioning tools of Adobe Photoshop using the portable version
- Character Tracing and Illustrations in Adobe Illustrator using the portable version

Students' creativity expending explored tools

- Learning basic knowledge about 3D Motion and Graphics
- Demonstration of some Mathematical and Physics concept behind ANIMATION and GAMING Technology using MAYA by the speaker

Outcome of the Workshop

A novel thought behind covering all these technologies was to motivate the students towards opting for an industry other than Programming and Software Engineering, like Movie VFX and Gaming Industries.

The Workshop was successful in terms of its outcome as the Task assigned by the speaker was fulfilled by the students perfectly. And the most perfect character tracing was done by a student named as Mohammad Ajarudin Gunga, who won the first prize out of 60 participants.

The statement by Mr. Andrew Cramer of Video Copilot, "Everyone knows the tools, but one must learn the Application of the tools" had been perfectly implemented in this workshop by the Speaker Neel.

- Prof. Trishla Shah, Asst. Prof. (CSE/IT/MCA Dept.)

Lights Camera Action (A Non-technical Event)

CSI BHGCET Student Branch activities @ CSE/IT/MCA Department

A non-technical event called "Lights Camera Action" was recently organized by the CSE/IT/MCA Dept. under the cap of CSI Student Branch in Gardi Vidyapith on 16 September 2015 & it was a tremendous success. The Event aimed to test an individual's knowledge about Hollywood, Bollywood and Movie industry through a Quiz. The motive behind the quiz was to entertain participants with the lots of external knowledge related to Cinematic Industry. The event success was evident from enthusiastic participation by 200+ students forming 60 teams and all contending to be the best.

The event comprised of ...

Various rounds like

1. MCQs' Round
2. Audio/Video Questions' Round

Engineering in every domain

The contented faces of the Coordinators behind the event along with the Judges.

LEARNING PEDAGOGY

Project Exhibition on Cyber Security Subject's Theme: Steganography

Gardi Vidyapith's 5th Semester students of CSE/IT Department have successfully conceptualized the practical implementation of the Cyber Security subject by utilizing the theme of Steganography for organizing a "Project Exhibition Carnival".

This event's first performance started with the courageous 5th Semester CSE-A& S Division students' project model exhibition on a theme - 'Steganography' which has been introduced as Open Ended Problem in subject of Cyber Security. This carnival will also be carried on by the 5th Semester students of Mechanical, Electrical, EC and Civil Engineering branches.

Open Ideas were invited related to the theme. Students were allowed to invent their own algorithms and present a model of their design. Students were allowed to use any language or platform to develop the software related to their idea. It was indeed the students' zeal and enthusiasm that became the motivation behind organizing this exhibition.

Along with Prof. Priyanka Raval, the coordinator of the event, almost 8 CSE/IT/MCA faculties were directly involved with the Cyber Security labs and helped introducing the concepts to the students. Students also consulted various faculties not involved with the subject for coding related guidance. Various faculties also helped in juggling the event neutrally.

- Asst. Prof. Jatin Ambasana
(CSE/IT Department)

Enthusiasts preparing for the battle of steganography

KNOWLEDGE BEYOND ENGINEERING

Think Big, We DO...

CSE/IT Students' Participation @ 20th Patent Clinic Program, GTU

Recently two 7th Semester IT Students namely, **Mr. Chirag Aboti & Mr. Vidit Godavariya**, participated in a Two days workshop entitled as Patent Clinic Program organized by GTU. More than 100 participants from different colleges all over Gujarat had actively participated in this event.

On Day-1 an intensive Patent search exercise was conducted with the help of experts. On Day-2, drafting and filing of provisional application was done with the help of experts. Experts and coordinators at the Patent Clinic explained the process of patent filing, as required by Govt. of India. Then they helped the registrants in filling the patent forms.

On first day, the programme was initiated by **Dr. Manish A. Rachchh**, Associate Professor, Centre for Pharmaceutical Studies & Drug Delivery Technologies, Gujarat Technological University (GTU). He explained about Global Innovation Index (GII) of different countries and status of India in innovation. He shared the view that to focus on innovation in India and improve GI, academic institutes will play an important role by filling patents on their innovative projects.

Second session was conducted by **Mr. Amit Patel**, Assistant Professor, GTU who explained about World Intellectual Property Organization (WIPO), Patent Scope, Esp@cenet and IPC Classification. He demonstrated the prior art search using Patent Scope database. Further, **Mr. Shailesh Jain**, Project Officer-IPR, GTU explained about prior art search using commercial patent

search database PATSEER.

The participants also conducted online patent search to check the novelty and patent ability of their projects. Mr. Amit and Mr. Shailesh helped all the participants to conduct the patent search by different tools and techniques.

On Day two, Dr. Manish Rachchh conducted the session on topic of drafting and filling of patents in India. He explained the Types of patent application, drafting of provisional application and key features of provisional application. Further he focused on filling of provisional application, forms and fees required for filling provisional patent applications.

- Chirag Aboti & Vidit Godavariya (7th IT Students)

Conti... from page 10 Lights Camera...

3. Movie Scene Mistakes identification round and
4. Final Dubsmash round (in which teams needed to act on the movie dialogues played in background and also had to record a video of their act)

Motivation by the jury panel, Prof. Kunjal Garala, Prof. Riddhi Pandya, Prof. Shivangi Shah & Prof. Jay Gandhi from CSE/IT/MCA Dept. added to the flavor of the event. The Show Pack-Up happened after the words of wisdom from the COO (Chief Operating Officer) of CSI at Gardi Vidyapith, Prof. Trishla Shah. Participants enjoyed healthy competition sessions and also gained warmth of knowledge about Cinematic Industry.
