Special Children of 'Prayas Parents Association' In The Happiest of Festivals with Utmost Joy

If we go back to our high school time and recall the memories of Gujarati syllabus one emotional novella you can definitely remember that is LohiniSagai (Blood Relationship) by Ishwar Petlikar. It's about relationship between the mother *Amaratkaki* and her specially abled daughter *Mangu*. The whole novella embosses the feelings and dedication of *Amaratkaki* as a mother. Of course that ideal mother character was a fictional but we all felt it real one when we went to Prayas NGO and met a person named Mrs. Pooja Patel that cares for 91 children with love and warmth.

'Gardividypith' - Spreading the joy of Celebration

'Diwali' is the most auspicious festival in India this is the time when we rejoice, rejuvenate and wish to share the happiness. In today's dynamic world, where values are depreciating and self-centrism is concern as an

endeavor it should be in our priority to holds our roots and pay back to the society. Gardividypith is a notable contributor towards such a cause where it not only teaches students but also nurtures the intrinsic values of them. This time too, Kum. M. H. Gardi School of Management and the NSS students of B. H. Gardi College of Eng. & Technology visited 'Prayas' for the Diwali celebration.

'Prayas' - An Introduction

'Prayas' is a Rajkot based parents association with aim to provide the holistic support to child with special needs through personalized, professional & Homoeopathic care. At present, it has 91 specially abled children from the different class and sect of the society. Prayas is creating a support network for families of children with special needs by offering

psychological, emotional, social, educational and other Medical guidance to their children.

Sensing melts down with the angels

Approx 150 students of IMBA and MBA with the 35 NSS engineering students

visited the organization with crackers and sweets to serve them and made them joyous and pleased. All the students spend a memorable time with the little angles. Students played with them, shared the learning of alphabets and drawings, played traditional Garba and in last they enjoyed the crackers with them. All of them realized that some challenged children are extra ordinary with such talents; some are very good with the drawing, some with crafts while some with singing.

Out come of the visit

On discussion with Mrs. Pooja Patel, the sole coordinator of Prayas, she said that these children doesn't need any petty or food or other charity they only needs some spare of the time and accompany from the society. If society contributes towards their adoption, learning and care that is the biggest contribution towards them.

We are thankful to 'prayas' for giving the consent to be with them and celebrate this Diwali in true sense. The entire visit was managed by Asst. Prof. Nirav Mehta and Asst. Prof. Nilesh Ankleshvariya while Dr. Vishal Soni, Director of the MBA Institute, Dr. S.B. Jadeja, Executive Director Gardi Vidyapith and CEO of Gardi Vidyapith Mr. Prashant Mehta congratulated the students as well as faculties to channelize such a nice concept to serve the society.

- Nilesh A. Ankleshwaria, Asst. Professor, MBA Dept., Gardividypath, Rajkot.

Retail Bazar - 2016 "An Idea that Boosts the Business"

Kum. M. H. Gardi School of Management a prominent B- School of Saurashtra region, approved by AICTE and affiliated with GTU is known for its practical and expressive teaching pedagogy. We focus to develop the students in different practical areas and as well as to increase the understanding of the students. Institute organizes various activities under the club dimensions like Marketing Club, HR Club and Finance Club.

"Retail" the buzz word

Now a days retailing is the concept about which everyone is talking. Retailing is also one of the key area under marketing domain. Considering the same under the Marketing Club event on 20/10/16 we organized Retail Bazar - 2016. Here students were encouraged to be an entrepreneur for the day and to face retail reality within the campus of Gardi Vidyapith.

Outcome of the event

At the end of the event, students learnt different concepts of POSDCORB in general and following aspects in specific:

- Idea generation
- New Product/ service development
- Partnership

Organizing

Objective of Retail Bazaar :

Participate and Invest Rs. 250 in a Business Idea and Achieve 200 % Return on Investment

Expert Session on Mutual Fund Insight at M.H.Gardi School of Management

Now a day the scope and scenario of the management field is changing, because of the changing customers and industry demand.

Kum M.H.GARDI SCHOOL OF MANAGEMENT has taken an initiative to make the students sustainable in industry and reduce the problem of skill gap. Towards the idea, the institute had organized "**EXPERT SESSION ON MUTUAL FUND INSIGHT**" under the banner of FINANCE CLUB activity. **Mr. Ayubkhan H. Yusuffjay** (Assistant Professor) and Ms. Kanchan Parmar (Assistant Professor) with the guidance of the **Hon. Director Dr. Vishal Soni** did Co-ordinate the event. All the students of MBA and I-MBA participated in the session.

The session was conducted by **Mr. Samir Upadhyay (Cluster Head, Sales & Distribution, L&T Mutual Fund)** the person with more than 9 years of the experience in the same industry of the renowned company in the Mutual Fund industry. He delivered the session for 3 hours on the product knowledge, merits of Mutual Fund for investor and comparison of different investment avenues with Mutual Fund as a financial product.

At the end of the session it was arranged the question answer session for the students, wherein the participation was with full enthusiasm. All the students got answers of their question and felt that they are now able to cope up with the industry requirement. The students also received certificate by the L&T Mutual Fund for their active participation in the session.

At last the institute also got appreciation from the company representative for good quality of the students and for novel approach applied by the institute for the development of the students. The

institute also got promise to recruit some of the students who participated in the question answer session with the good annual package.

It was an innovative approach applied by the KUM.M.H.GARDI SCHOOL OF MANAGEMENT that must be admired and continued.

Learning by teaching

This activity was arranged for 3rdsem E.C. students by Prof. T.M.Joshi. This activity was arranged to enhance internal skills of students. In this activity one group of students will explain their topic to another group of students and vice versa. So students can share their knowledge to their friends and can develop an ability to solve problems

Students sharing their knowledge to their friends.

and working in group and also they can improve their presentation skills.

Kum M H Gardi School of Management organized session on “Women at Workplace” Under HR Club Activity on 15th October, 2016

Expert: **Dr. Gora N. Trivedi**

Profile of Expert: Working on G.O.R.A. Project (Go On Recreate Awareness) with Riya Foundation; In charge Principal at Geetanjali Law College.; Started “No Horn Movement”

Session Discussion:

- Women's safety-burning issue
- Guidance to Boys and Girls student on How to behave at workplace.
- Girl can create safety for herself by her own.
- Guidance to Girls student on “How your dress should be at workplace?”

- Showed path to students that What to do when you are sexually harassed by someone at your workplace?
- As a being Employer what steps to be taken care to safeguard the women employees.

- She has also enlighten the students that what can be considered as Sexual harassment at workplace and what can not be considered as Sexual harassment.
- She discussed the case of Vishakha v/s Court of Rajasthan.

- Also informed about 181 women helpline service (Abhayam).
- She has also encouraged the students for not tolerating such harassment at workplace.
- She also taught boys students that “How you become a responsible citizen by protecting every women of the country.

Event in-Charge: Prof. Viral Raval & Prof. Ashita Mansuriya with the help of Hon. Director Dr. Vishal Soni, Prof. Nilesh Ankleshwariya, Prof. Samir Dholakiya, Prof. Kanchan Parmar, Prof. Ayub Khan.

@ AMIT PLAST

The faculty, **Prof. Mehul Pujara** of Department of Mechanical Engineering has done industry interaction with **Mr. Amit Dhabalia (Managing Director) - AMIT PLAST, Rajkot** on 20th March, 2016. The industry is Manufacturer of Calendar, Banners, Table Mats, LLDP Liners, Bags & Rolls.

During interaction he has shown his keen interest to support the skill development program. He has appreciated the efforts given by the department for the development of students.

Industry Interaction with Mr. Amit Dhabalia (Managing Director)- AMIT PLAST.

Outcome: To get exposure and explore the industry of respective domain of interest. To enrich the teaching & learning process.

- Prof. Mehul Pujara

Learning Experiences are like Journeys

@ Hi-Mac Casting

Hi-mac casting facilitated a high pressure horizontal mould line. **Mr. Dhaval [Design Engineer]** interacted and provided accomplished the information of Sand casting process. Starting the interaction of Pattern making up to the quality checking of the material. Our final year four students are working and completing his project under the guidance of him. Hi-mac casting produces the large number of casting in the field like an Automobile, Agriculture, submersible pump and valve castings.

Interaction with Mr. Dhaval on Pattern Making process

Outcome: The interaction was helpful to understand the effective knowledge of the casting process especially Moulding and Melting practice.

- Prof. Dhruv Patel

Working Collaboratively To Ensure Every Student Achieves Academically, Socially And Emotionally..

Industrial Interaction at Prime Tech Cast Pvt Ltd.

Students of 6th semester Mechanical Engineering Department have visited Prime Tech Cast Pvt Ltd under the guidance of **Prof V K Mehta**.

PRIME TECH CAST PVT. LTD. is an **ISO 9001:2000** certified company and one of the leading manufacturer and supplier of investment casting of ferrous and non-ferrous metals by lost wax process. The products find application in the fields like automobile, textiles, marine equipment, pumps and valves, aerospace, engineering industry, air & gas compressor, surgical parts, precision instruments and many more.

Mr. Atul Patel, the founder of the industry, first interacted about Lost wax Casting. In press room, manual and automatic presses were available for making patents of the industrial components.

Here are some reviews of the students for the interaction

Prof. V K Mehta offering a memento to Mr. Atul Patel, founder of Prime Tech Cast Pvt Ltd

"It was amazing and remarkable interaction for me. I have learned so many things over there and interacted with such good industrial persons. Before that I just had learned about lost wax process but first time I have actually seen the whole process in detail and I am really glad to relate what I had learned in the classroom and what is actual situation in the industry. I can definitely say that yes I have improved my knowledge and learned something & thankful for department for arranging such wonderful interaction." -**Chirag Chudasama (6th Mechanical)**

We have seen some rare equipment like spectrometer. I really learn some useful and fruitful things which is generally we just read in books" -**Mayur Ahuja (6th Mechanical)**

- Chirag K Chudasama (CR)
6th Mechanical-D

The larger the island of knowledge, the longer the shoreline of wonder

In order to better realize the vision of student development, the faculties from the Department of Mechanical Engineering went for Industrial Training to get acquainted with industrial practices. Following effective actions with quiet reflections, the team accomplished the creation of knowledge network for the betterment of students.

Small Regular Improvements always lead to Exceptional Results over Time

@ NikooTechnocast

Department of Mechanical Engineering had arranged industrial interaction for 4th semester students along with **Prof. Dhruv Patel** at **NikooTechnocast** Rajkot. NikooTechnocast is one of the elder investments casting company for production of Automotive and General engineering and brake component. **Mr. Anand Patel (Director of NikooTechnocast)** and his powerful team has congenial guided the students for each department.

Industrial Interaction reminiscence with Mr. Anand Patel and his entire team of Nikoo Technocast

Feedback from students:

1. The interaction was very much helpful for the understanding of entire Investment casting Process. -**Koradiya Bhautik (4th Mechanical)**
2. The interaction was amazing; it's really helpful to understand the actual shop floor working process parameter. And gaining the practical Knowledge. -**Vagh Keval (4th Mechanical)**

@ Salient & Flecto Ceramic

The faculty, **Prof. Ashish Kavar & Prof. Parag Paija** of Department of Mechanical Engineering has done industry interaction with **Mr. Ravi Aghara (Owner) at Salient Wall Tiles and Mr. Nikunj Paija (Owner) at Flecto Ceramic, Morbi**. The concept of skill development among the students and inputs from the industry required being discussed with him.

The interaction covered Ceramic Testing and manufacturing with different Size and various design. The interaction is fruitful to identify hidden potential and skills required to exhibit wall tiles industries from the student community. The industry currently using 8 color inkjet ceramic Printer With variable Printing width.

Outcome: Explored the industry of respective domain of interest. Got awareness about type of testing required to make wall tiles become effective.

- Prof. Ashish Kavar, Prof. Parag paija

Industry interaction with Mr. Ravi Aghara (Owner) at Salient Ceramic Morbi.

@ Rahul Engineering works & Fortune Aluminium Extrusion Pvt. Ltd.

The faculty, **Prof. Ankur Vachhani** of Department of Mechanical Engineering has done industry interaction with **Mr. Ram Vijay (M.D. of Rahul Engineering works) at Metoda GIDC**. The industry is leading manufacturer of Extrusion Tools which are used in extrusion processes of aluminium products, plastic products etc.

Interaction with Mr. Ram Vijay (M.D. of Rahul Engineering works)

Prof. Ankur Vachhani has also done interaction with **Mr. Mithun Dadhania (Owner of Fortune Aluminium Extrusion Pvt. Ltd.)** is Manufacturer of Aluminium window section, aluminum scraps, ingot, cables, etc. The industry is leading manufacturer of aluminium products.

Outcome: Glad to know about the manufacturing process of extrusion die and how the aluminium window sections are prepared using extrusion process of aluminium.

- Prof. A B Vachhani

@ Alpha Laboratory Services, Rajkot

The faculty, **Prof. Ankur Vachhani** of Department of Mechanical Engineering has done industry interaction with **Mr N D Patil at Alpha Laboratory Services, Rajkot**. Different types of mechanical and chemical testing facility of metals are available in this laboratory.

Outcome: This interaction enhances the knowledge regarding different techniques (Tensile,

Interaction with Mr N D Patil at Alpha Laboratory Services, Rajkot

Compressive, Impact, and Hardness) of Material testing.

- Prof. A B Vachhani

Conti... page 8

@ Friend's Tools, Esteem Auto Pvt. Ltd. & Robin Precision Products Pvt. Ltd.

The growth of Indian manufacturing company depends on the advanced machine like CNC, VMC and etc. its

Mr. Ramesh Vora Founder chairman of Robin Precision Products Pvt. Ltd.

gives precision in production within less time. **Friend's Tools, Rajkot** manufacturer of CNC, VMC and Special purpose inserted tool holder. **Prof. Priyank Zaveri** and **Prof. Aankur Vachhani** have visited the company

Esteem Auto Pvt. Ltd., Rajkot manufacturer and exporter of Wet & Dry Cylinder Liners, Sleeves, Air - Water Cooled Blocks, Valve Guides and custom made casting parts for automobile and industrial engine applications. Prof. Priyank Zaveri and Prof. Maulik Patel have visited the company.

Robin Precision Products Pvt. Ltd., Rajkot manufacturer of solid carbide cutting tools, machine tools accessories and gears. Prof. Priyank Zaveri has visited the company.

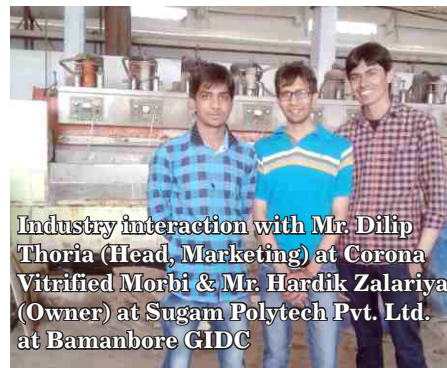

Outcome: It provides an exposure to enhance the practical knowledge, and enrich the technical fundamentals.

It was really knowledge sharing and interesting interaction where got practical knowledge about different types of CNC Machine and Precision measuring instrument, which will help to guide students in field of tool manufacturing and quality control.

- Prof. P D Zaveri

@ Corona Vitrified & Sugam Polytech Pvt. Ltd.

The faculty, **Prof. Ashish Kavar** and **Prof. Parag Paija** of Department of Mechanical Engineering has done industry interaction with **Mr. Dilip Thoria (Head, Marketing) at Corona Vitrified Morbi** and **Mr. Hardik Zalariya (Owner) at Sugam Polytech Pvt. Ltd. at Bamanbore GIDC**. The industry is making Vitrified Tiles with Advanced nano Technology. The industry is Certified by KPMG for the international ISO-9001:2008 and 14001:2004. With a use of the Double-charge technology to assure higher quality vitrified tiles with the size of 605* 605. Corona Vitrified has the capacity to produce 10,000 sq. meters per day. The company has coloration with EUROCOIN ceramic private limited, Kalyan Pottery Works, Jai Ganesh Vitrified tiles.

Industry interaction with Mr. Dilip Thoria (Head, Marketing) at Corona Vitrified Morbi & Mr. Hardik Zalariya (Owner) at Sugam Polytech Pvt. Ltd. at Bamanbore GIDC

The industry is leading manufacturer of PP nonwoven fabric, nylon spun bond nonwoven fabrics, and shopping bags. Their product has wide application, it can be used in hygiene, medical, agriculture, industry, construction, packaging.

Outcome: The interaction was fruitful with Mr. Dilip Thoria (Head, Marketing) regarding Skill requires in students to upgrade ceramic technology. He appreciated the work by faculties of BHGCET regarding unique & Innovative Concept of Skill enhancement.

- Prof. Ashish Kavar, Prof. Parag Paija

@ Icon Technocast and Sonex Gold Ceramic

The faculty **Prof. Ashish Kavar**, Department of Mechanical Engineering has done industry interaction with **Mr. Hitesh Bhalodiya (Managing Director) at Icon Technocast, Rajkot** & **Mr. Pratik Kachrola (Owner) at Sonex Gold Ceramic, Morbi**.

Industry interaction with Mr. Hitesh Bhalodiya (Managing Director) at Icon Technocast, Rajkot & Mr. Pratik Kachrola (Owner) at Sonex Gold Ceramic, Morbi

The Icon Technocast is producing components like valves, pumps, Auto & Automotive, Engineering & Chemical industry & Defense with Investment Casting Technique. The Industry is certified by ISO-9001:2008 for their precision Investment Casting by lost wax process. The Sonex Gold Ceramic is leading manufacturer ceramic wall tiles of different size with digital printing technology.

Outcome: The interaction with Mr. Hitesh Bhalodia (Managing Director) regarding Skill requires in students to upgrade Investment Casting process by lost wax process was very productive. He appreciates the work doing by faculties of BHGCET regarding unique & innovative concept of skill enhancement. Also Mr. Pratik Kachrola (Owner) gave brief about different test requires in ceramic wall tiles.

- Prof. Ashish Kavar

Survey and Building Construction Quiz using **KAHOOT**

Keen observation

Brain storming

Learning through gamification

A platform to perform

Event Name: **Quiz-O-Mania**

Faculty coordinator: **Mr Jagdish M Bhalsod, Miss Kajal V Dudhatara, Mr Jay D Vekariya**

No of Attendance: **55**

Aim: Create an Interesting Quiz to check students' over all knowledge related to subject.

Mr Jagdish M Bhalsod, Miss Kajal V Dudhatara and Mr Jay D Vekariya created an interesting quiz for the Survey and Building Construction to check the overall knowledge. Quiz contained 30 objective type questions of subject. This quiz was created in **kahoot** the online game site. During this quiz miss. Divya student of 3rd civil become star of class room by giving maximum right answer in minimum time. During this activity student gave excellent response and show really great competitive atmosphere.

Outcome: students realized their loop-holes in subject as well as the importance of presence of mind.

Conti... from page 3 Retail Bazar...

campus. Not only that the target was also given to them to make promotion of their store and to come up with innovative ideas within that budget limits. On the day of event students came up with the new innovative ideas related to retail products and services with unique promotional messages to attract the customers available in the campus. There were 14 number of teams participated in Retail Bazaar 2016 with products likes books, handicraft, skill mapping services , cold drinks, tattoo making, mahendi making, fast food etc. in the short time spam of 5 hours all teams together generated the revenue of Rs. 12000/- by using all management concepts like team building, cost cutting, niche marketing, promotion etc.

The winners

At the end of the day 1st winner team Hiran Nimavat, Dhara Unagar, Bansi Ranpariya, Farhin Gumrah from MBA generated 760% profit, 2nd winner team Khushbu Mandaliya, Saiyad Naziyabegum from MBA who generated 422% profit and 3rd winner team Darshit Trambadiya, Darshana Makwana, Gulshana Parasara, Kina Dalsaniya from MBA who generated 384% profit awarded with trophies and certificates. All other partakers were also awarded with the certificates of appreciation.

The whole event was managed by Asst. Prof. Samir Dholakiya and Asst. Prof. Nilesh Ankleshvariya. Dr. Vishal Soni, Director of the Institute, Dr. S.B. Jadeja, Executive Director-GardiVidyapith, Mr. Prashant Mehta, CEO of GardiVidyapith congratulated the students as well as faculties for executing concept of Retail Bazaar 2016.

Model Making Competition

Faculty coordinator: **Miss Kajal V Dudhatara**

Student coordinator: **Priyanka Mehta**

No of Attendance: **35**

Aim: Students will able to know about the Different types of Stairs also they are aware about the Provision and characteristics of different types of Stair and staircases.

Content: Department of Civil Engineering had organized a

Preparing a Model of circular+ quarter turn stair

model making competition for 3rd SEM Civil students. This activity was designed by Prof. Kajal Dudhatra and student coordinator of this activity was Priyanka Mehta. During this activity student was prepared a Different types of stairs according to their specifications,.

Winner of the competition was Divyang Dholariya, Kothiya Dhara and Aghera Ashish.

Outcome: A perfect way to shape your concept. So students get knowledge related to stair. The student did go forward and backward through their concepts.

Canvas Activity Report

Canvas activity was arranged for 7thsem electrical engineering students on 26th sept. 2016 to enhance their design thinking ability. Students had prepared canvas based on their project under the guidance of their mentors. With this activity students can be able to understand their project and practical aspects of it.

Prof. D. K. Mer explaining importance of canvas to the students

Students are explaining their work to Prof. R.B.Vasani and Prof. P.G. Jadeja
