time to step ahead...

Alumni Meet

Re-exploring Reunion of Endears Alumni

The best moments cherished after college days are the moments with friends who become a valuable treasure for the institute as alumni. Their experience and connectivity aids in transformation of productivity, excellence, intelligence, personality development and millennial leadership. The new **Office Barrier Committee** was formed with revised goals and objectives. The committee is planning for student quality circles, educator evaluation system so that it will result in flourished fortune Guardians.

Honorable Director, Dr. Siddharth Jadeja's heartening words rejuvenated the attendees. His message to the alumni was **"We are Caretakers", Creating legacy and generosity**. Awards can give a tremendous amount of encouragement to keep getting better, no matter how young or old we are. To encourage the ongoing efforts of alumni, awards were presented for following categories:

1. **Active Alumni** - Facilitating volunteers work for the globe of freshers.
2. **Best Entrepreneur** - Today's era is of power of diversification where engineers have prospered as entrepreneurs.
3. **Flourishing Fresher** - Beyond the box thinking initiates the blowing mind.
4. **Outstanding Professional** - Performs excellence by serving in leadership professional.

Award Winners:

1. Active Alumni - **Jinesh Vora**
2. Best Entrepreneur - **Aditya Purohit**
3. Flourishing Fresher - **Nawaz Ghodi**
4. Outstanding Professional - **Hemdip Badani**

Event Highlights...

- Formation of new Office Barrier Committee
- Threshold of old memories
- Award Ceremony
- Gujju Dayro with fundoness
- Dinner - sharing of bites & memories

Words from Alumni!!!

- Memories are the threads that hold together the patchwork of friendship.
- We all take different paths in life, but no matter where we go, we take a little of each other everywhere.
- Take a favor and taste the flavor of our memories...
- "We the Guardians and proud to be the Guardians."

VITALIZING EFFORTS

An Enticed Act of Amity - Friendly Cricket Match

Date: 2nd January, 2016

Venue: Gardi Vidyapith Cricket Ground

Gardi Vidyapith certainly believes in emboldening the kindred and fostering the relations for an elongated epoch.

With the same aim, a friendly cricket match of 25 overs each side was played between the teams of **Gardi Vidyapith** and **V . V . P . Engineering College**.

Recently during the GTU Cricket Tournament after a remarkable and curious final combat between teams of Gardi Vidyapith and V.V.P. Engineering College, team Gardi was crowned as champions of Saurashtra Zone. Evoking the memoirs of the

same during friendly match, the ground was filled with the essence of sportsman spirit and determinations.

On winning the toss, team Gardi concluded with a total of 149 runs with **Jaydeep Nakum** leading the board with 66 runs. In the riposte, team VVP was circumscribed at the score of 137 runs

resulting into victory of team Gardi by 12 runs. The chasing score did not seem excessively hard but the brilliant bowling performance of clubbing **3 wickets each by Kashyap Dave and Arjunsinh Jadeja** aided team Gardi to make it a cake walk.

Concluding in a whole, both the teams demonstrated their tactics at their best and fashioned an atmosphere of cheerfulness. Gardi Vidyapith highly appreciates both the teams for performing an enticed act of amity.

Word of Appreciation by Vice Chancellor, G.T.U.

It was the proud moment when Hon. Director **Dr. Vishal Khasgiwala, Assi. Prof. Samir Dholakiya**, students of MBA, 4th Semester: **Mahipat Chauhan, Dhaval Bhayani & Divyesh Kavathiya** from Kum. M.H. Gardi School of Management got a chance to meet The Honorable VC

of G.T.U, **Dr. Akshai Aggarwal** and **Keyur Daraji** - G.C.S.R. coordinator G.T.U. Students of M.B.A. 4th Semester visited BHUTAN, for Global Country Study Report. The Record created by M.H. Gardi students was remarked as an achievement by

GTU and were invited to present this report as well as to represent the detailed report of excellent academic activities undertaken by M.B.A. /MAM Department of Kum. M.H. Gardi School of Management.

The Honorable vice-chancellor of G.T.U., **Dr. Akshai Aggarwal**, highly appreciated student's efforts and academic excellence achieved by Kum. M.H. Gardi School Of Management. It was remarkable achievement for Gardi Vidyapith that we got such word of appreciation from Vice - chancellor of G.T.U.

CELEBRATION

Patangotsav - 2016

India is known for its rich culture demonstrated in various forms like folk dances, festivals, apparels, cuisine and ethical atmosphere filled with respect and honor for every person in the world. The festivals in India are enriched with much importance and historical rituals. **14th January** is a festive day all over India. Each region celebrates its own local form of this festival. In the western parts it is called the "**Makar Sankranti**".

Kum M.H. Gardi School of Management celebrated PATANGOTSAV-2016 on 10th January, 2016. Many schools had taken part in this festival inclusive of **Vandana & JPS school** from Kalawad, **Pathak school**, **Swastik school** and many more. There were two competitions - **Innovative Kite** wherein students presented creative kites made by them and **Kite Sequencing** in which students were suppose to make a sequence of multiple kites in one thread.

The event inaugurated at 9:00 a.m. with registration followed by the speech regarding information of Kite Flying Festival & Kite Flying and Management by Asst. Prof. Nilesh Ankleshwaria and Honorable Director Sir Dr. Vishal Khasgiwala. Innovative kite exhibition was arranged and thereafter all the faculties and all the students had fun of flying the kites with the rhythm of songs and with the taste of chikki. An atmosphere was created that nobody can exclude themselves from getting fun. At last prizes were distributed to the winners of both the competitions. It was very joyful day for all.

RUN FOR RAJKOT

Magnificent Involvement in Rajkot's 1st Marathon

Vivacious Volunteers

Rajkot was celebrating its **1st Half Marathon on 24th January, 2016** at race course ground where more than 35,000 Rajkotians had participated and made the Half Marathon most successful Marathon ever in the history of Gujarat. The theme of Rajkot Half Marathon was "Make Rajkot Clean & Green city"

Gardi Vidyapith had been a part of rajkot's 1st Half marathon by providing its heartiest support to the Rajkot Half Marathon. More than 200 students of Gardi Vidyapith had agreed to provide their help as a volunteers to make the event successful. Students of Gardi Vidyapith worked day and night tirelessly in the guidance of Rajkot Municipal Corporation officials to make Rajkot Half Marathon a most successful event of Gujarat.

Cheers for Cheerers

Being as a Gardians we believe in doing something different and out of the box. This time we had a booth for Gearing up the Participants of the Marathon. Our students have made posters and 1st year students have been a part of the cheer team. Our student **Jay Sakariya** and **Kushal Pandya** were the anchor for the whole event. They managed it very nicely. **Prof. Shwetal Pandya** and **Prof. Riddhi Pandya** were the coordinator in charge.

BRILLIANT CREATIONS

Project Exhibition on Cyber Security theme: Stegnography

An event was organized on the theme - **Stegnography** which stretched its wing for the complete semester. Students displayed great enthusiasm and endeavour to create something brilliant. Complete event was divided into smaller departmental sub-events. Successful completion of the event was credited to all the students and faculty members who have devoted their time and intelligence to make it a grand success

Alone we are good, together we are brilliant

Teamwork makes dream work

Divide the task ...multiply the success

EXHIBITING EXCELLENCE

AashRojgar-An Extraordinary Accomplishment @ Indian Student Forum

After remarkable performance in IUCEE-SPEED organized Regional Student Forum 2015 held at B.H. Gardi College of Engineering & Technology, the team of 4 students led by Jill Pathak - a student of 6th Semester CSE department, participated in ISF (Indian Student Forum) at College of Engineering - Pune from 8th - 10th January, 2016 and fastened the bolts of success for Gardi Vidyapith by receiving 1st prize in the midst of other reputed institute teams.

"AashRojgar - A Place to earn", is a structure which aims to provide employment to beggars as well as deprived people of society. In a concluding call, it involves a web based application, training centers and organizations which are in frequent need of workforce.

A web based application would aid the employees to register themselves and thus **upload their requirements** in terms of manpower. **Training centers** would be set up where all the deployed people could be **trained** according to their specialization and need of employees. After training, they would be allotted tasks as per their abilities and **would be earning fixed earnings**.

Their team which also include **Abhisha Bhesaniya - 6th E.C, Nikhil Surani - 6th CSE and Bhavik Manek - 6th CSE** have been rigorously working on this project and under it they had visited an **NGO - "Navjeevan Trust"** for moving ahead in equivalent aspects as well as discussed the project with **Mr. Chetan Nandani - Deputy Commissioner of Rajkot** which was highly appreciated by him and would be supported by him in implementation stage.

Pioneering Learners

The sparkling stars of BHGCET **Bhagyashree Parmar, Ashish Viradiya** and **Prachi Desai** have added gems to our crown. They have been selected in top **30 out of 4560** teams all over India for final presentation at Pune on 30th Jan for **KPIT-Sparkle 2016** based on theme "**Smart solution for Energy and Transportation**". Their topic was - **Vehicular Ad Hoc Networks (In-VANETs)**.

PROFICIENT PARTICIPATION

IIT Bombay Sixth Sense Robotics and SOUL Competition

A sporty group of electrical students (Ajay Jadeja, Prashant Modha, Kushal Pandya, Jaydeep Gondaliya, Parin Hemani, Akash Joshi) accompanied by Prof. Dilip Moyal & Prof. Rakesh Vasani attended the "SOUL competition" & knowledge workshop on "SIXTH SENSE ROBOTICS" at IIT BOMBAY Techfest - 2016.

From the first ray of Sun in the morning to the lamp in the night, Light accompanies us in all the activities, yet for over 1.5 billion people around the world, night-time means either darkness or the dim glow of an unhealthy kerosene lamp or candle.

Soul Competition @ IIT Techfest brings **Solar Lamp** as a hope for rural India to bring glow in Life. In this competition students had to make a cost effective lamp which basically works with the solar energy to illuminate rural areas.

Sixth Sense Technology is a revolutionary way to aggrandize the physical world around us and lets the user use natural hand gestures to interact with the digital information.

The workshop was a secure platform for students to enter into the field of robotics and work on image processing. It helped the students to learn all the basics of robotics, Image processing, Aerial Robotics etc. and apply them in reality. The course contents of Sixth Sense Robotics Workshop were as below:

Introduction to robotics and combination of robotics with sixth sense

- Microcontroller Programming
- Machine Control
- Introduction to computer vision
- Digital Image Processing in MATLAB
- Image

Manipulation in MATLAB

- Video Acquisition and Manipulation

Hands on Session

- LED and Motor control
- Computer Controlled Robot
- Ball Following Robot
- Change Power Point Presentation with Your Hands.
- Control Media Player with Hand Movements
- Assembling the Kit

After Coding, student runs the robots by laptop keys and also controls the cursor of the laptop by the help of image processing. This Sixth Sense workshop aided them to understand the deep knowledge in their final year project which is "Hand Gesture Wheelchair for disables".

Celebration of 67th

The auspicious ceremony of **Republic Day** in **Gardi Vidyapith** started with flag hoisting which was led by **Mr. Jagatsinh Jadeja** (Havaldar of Indian Army 1983-1999) & **Shri D V Mehta** Sir (Chairman of Gardividypith). The students took pride in glorifying and celebrating the spirit of unity. To mark the importance of this day, a grand celebration was held in the institute and many activities were planned in the college premises. The campus echoed with patriotic flavour as the students drew scenes of Republic Day celebrations, sang patriotic songs, eye opening drama and energetic dance performances. A special tribute was paid to the brave soldiers of Pathankot, which was followed by motivational and inspirational

Excited Gardians Celebrating Republic D

Pride of India @ Gardi Vidyapith

speech of **Captain Jaydev Joshi Sir**.

The energy level of the celebration was boosted in the students with the presence of **Mr. Ghanshyam Nayak** and **Mr. Tanmay Vekariya** who are well known as "**Nattukaka**" and "**Bagha**" from the famous TV serial "**Tarak Mehta Ka Oolta Chasma**". Along with tribute to martyrs of our nation,

EXPLORING INDUSTRY

Visit @ Vibrant Saurashtra Expo and Summit-2016

Mechanical engineering department arranged VIBRANT SAURASHTRA EXPO & SUMMIT 2016 (VSES-2016) visit for 6th semester students along with **Prof. V K Mehta, Prof. M R Chauhan, Prof. M H Patel and Prof. D M Patel** at Race course ground Rajkot on 8th January 2016.

VSES-2016 expo exhibited latest innovation and information regarding automobile, agriculture, manufacturing, metal fabrication and other various sectors had been displayed which have never been witnessed by people of Saurashtra and its Industry. The aim of VSES-2016 was to build a bridge between Saurashtra industries and other national as well as international

Great initiative - A bridge for students

players and our aim of visit was to **make bridge between Institute and Industry.**

The expo was a step towards display of technologies and solutions needed to upgrade and improve the different fields of industry such as automobile, agriculture, ceramic, chemical, metal fabrication and academia.

Objective of the visit was stimulated and global discussion on

the challenges linked to innovative technology of various sectors which covered all the types of manufacturing industry. Through this visit the students could easily imagine and digest the new technology & development and they can convert the tag of **Imagination to Reality.**

Students exploring the knowledge of advance four wheel technology in tractors

Students Feedback :

- 1) Each and every student visited every sector with eagerness and curiosity; it was an inspiring visit for all students. - Harsh Gyamalani (6th Sem-D)
- 2) It was an opportunity for us to connect our theoretical knowledge with the practical application. - Nitin Pandey (6th Sem-Q)
- 3) To know about the new technology like 3D printing of tiles, ultrasonic cleaning, new design in broaching tools etc. - Jay Vaja (6th Sem-M)

Students' tumble-to process variable of broaching machine

Faculties Feedback :

- 1) Expo visit was very helpful for students, how they interact to industrial delegates and also helpful for career guidance. - Prof. Maulik Chauhan
- 2) It was good, interesting, informative and helpful for enhancement of technical knowledge. - Prof. Maulik Patel
- 3) The VSES-2016 was very informative. In general it was a good exposition of different industries such as Automobile, Agriculture, Manufacturing, Metal fabrication and many more. - Prof. Dhruv Patel
- 4) Visit of this Expo was a one of the best platform for the students to learn about the science of engineering. - Prof. Vijay Mehta

ENHANCING COMPETENCY

PCB Designing Workshop On Altium

Altium is a PCB Layout designing software in which one can design the schematic and PCB layout along with design of library components which are not available in the library. The objective of this workshop was to develop skills of PCB layout software and PCB design.

Session 1: Learnt the basic operating skills of the altium software demonstrated by Prof. Ankit Raythathha and then students were given few tasks on the basis of their understanding.

Session 2: Make schematic and pcb layout. Students were given task designing the PCB layout in which they made schematic and pcb layout.

Session 3: Make the component and its foot print. In the last session students learnt how to make the component and its foot print using altium software, demonstrated by Prof. Ankit Raythathha and students successfully designed one component with its footprint.

Prof. C.D. Parmar Sir's unending guidance provided overall support in conducting the workshop. **Prof. U. K. Mehta** with 2 students **Mr. Shehzad Gadhiya & Mr. Dharmesh Pamar** very well co-ordinated the entire workshop.

ENCHANTED LEARNING

Technological Week

The current semester was kick started by the commencement of "Tehcnological week" from 8th January 2016 to 13th January 2016. Three workshops were conducted for 5 days which focused on the prominent technologies - .net, php and android and pivoted around the

Prof. Mitra Ashara , Prof. Trishla Shah and Prof. Krunal Malani co-ordinators for Andriod workshop

Prof. Trishla Shah delivering her pieces of knowledge regarding "Andriod"

Prof. Vaseem Ghada enlightening students regarding the scope of PHP in industrial sector

Prof. Ajay Ardeshana-in house expert for ".net workshop"

practical usage of the technologies. Workshops were successfully accomplished under the mentorship of the In house experts Mr. Vaseem Ghada, Ms. Trishla Shah and Mr. Ajay Ardeshana.

World of Code

Semester was kick started by a workshop "World of Code" which received high response of 100+ registrations. Enthusiasm and curiosity of the students to explore the spectrums of C language were accredited by CSI and OSTC .Workshop included theory sessions, fun activities, and "Battle of Code" - Competition for budding creative developers.

Winners of Battle of Code

(1) Sudha Vaja, Kalpita Shukla (2) Karan Parmar, Rahul Kachhadiya (3) Bhoomika Dayani, Priya Sabhaya

"World of Code" team after the successful completion of workshop

Students enthusiastically working hard to win the "Battle of Code"

REFURBISHED MEMBERSHIP

BHGCET Oracle Academy Membership Renewed from New Year 2016

It's a wave of Good news for all the students of B. H. Gardi College of Engineering & Technology, Rajkot as the Oracle Academy Membership has been renewed from this New Year 2016 and lots of opportunities and events from Oracle Academy will be awaiting in future for them.

Web Conference on Big Data
- by Ms. Geetanjali Singh of Oracle Academy (30 Sept. 2014)

CSE/IT students keenly understanding the concepts of the "Big Data" through an online conference conducted by Ms. Geetanjali Singh of Oracle Academy

Web Conference on "Cloud Computing"
- by Ms. Geetanjali Singh of Oracle Academy (15 July 2014)

Active Participation by 160 students

Web Conference on "Information Security" (17 March 2015)
- by Mr. Ashish Sharma, Senior Manager, Information Security, Oracle India

Faculties and students both were interested in acquiring the knowledge of securing the information from the expert sessions of Oracle Academy.

A massive participation by the CSE/IT students (about 188 students)

Empowered Women: Girls keen to learn new technologies to protect themselves.

Web Conference on "Internet of Things"
- By Mr. Saurabh Singh, Senior Consultant for the Oracle Fusion Middleware pillar products (16 Jan. 2015)

Students learned about Internet of Things which includes collecting and managing the massive amounts of data from a rapidly growing network of devices and sensors.

Around 95 students & 3 Faculties benefitted in terms of knowledge from the presentation.

Girls of BHGCET always actively participate for such kind of informative events.

"Code Java Together"-Greenfoot Workshop
- held during GTU Techfest 2015 (23 Feb 2015)

Ms. Priyam Das and Ms. Suji Uchil, from Oracle Academy, inaugurated the Workshop.

Initiation of the Workshop by Ms. Suji Uchil, Manager (Operations & Training), Oracle Education Initiatives, Oracle India Pvt. Ltd., Mumbai

A memorable click of all the participants with Ms. Suji & Ms. Priyam

PROGRESSIVE TRAINING

SISTE STTP Workshop on "Introduction to Structural Engineering" in association with IIT-Kharagpur

B.H. Gardi college of Engineering & Technology being the remote center of **IIT-Kharagpur & IIT-Bombay**, is gratified to incessantly host outstanding workshops for development of faculties. Under the same umbrella, a two week workshop on **"Introduction to Structural Engineering"** was organized from **4th - 9th January, 2016**.

Moving a step ahead towards project of **T10KT (Training 10000 Teachers)**, a workshop on **"Introduction to Structural Engineering"** was conducted by **IIT-Kharagpur** under the **National Mission on Education through ICT** and funded by **Ministry of Human Resources Development**. 13 faculties from various institutes in the locality named **V.V.P. Engineering College - Rajkot, Shri Labhubhai Trivedi Institute of Engineering & Technology - Rajkot, Dr. Subhash Technical Campus - Junagadh** and the host college itself were enrolled in the program. Over and above them, the students from pre-final year of Civil Engineering Department enhanced their knowledge by participating in this workshop. **Prof. Vimal Patel, the head of Civil Engineering Department** being the workshop coordinator played the role of major mainstay in its suave conduction.

It was preceded by **4 assignments** to be solved and submitted to be considered as **one week workshop** and was followed by a **one week direct interaction** at the remote center which was steered with aid of **"A-View"** software. The content was mainly classified into 3 segments which included **Analysis of Structure, R.C. Design and Steel Design**. Ending in a trivial conclusion, the curriculum included was very advantageous for trainers and would absolutely help them in attaining an altered level of coaching the students.

ACHIEVEMENTS

Participated in National Case Writing Workshop at Indore.

Asst. Prof. Samir Dholakiya from Kum. M. H. Gardi School of Management had participated in 3 days "National Case Writing Workshop" organized by **Prestige Institute of Management and Research at Indore** from 4th January 2016 to 6th January 2016. There he and his team visited multinational corporation **CAPARO Engineering India Ltd. Devas Plant** in Madhya Pradesh and he developed and presented a case in front of review team. He was part of this workshop along with 60 faculties of other institutions.

Asst. Professor Nilesh A. Ankaleshvariya published a research paper titled "**Service Quality Management and Customer Satisfaction - An Empirical Study of Selected Ayurveda Hospitals in Gujarat**" in International Multidisciplinary Research Journal RHIMRJ December-2015 issue. MHGCET family heartily congratulates for the achievement.

Prof. Homera Durani of MCA department has completed online "Programming in Java" Course in December 2015.

Certificate- Programming in Java

Prof. Homera Durani of MCA department has completed online "Developing International Software" Course in December 2015
