plantation drives are organized in the college from time to time. With the onset of monsoon season, one such drive was held on World Environment Day 6th June 2019, during which trees were planted within campus premises. In this activity, students, teachers, the Principal Sir and the non-teaching staff participated enthusiastically and showed their concern for the environment. They planted about 75+ saplings and set an example that even a small step can bring a change.

Youth For Rural India Conclave 2019

Ferrocement Dam prepared by Reliance Foundation

This event was organized by **Reach2Root** at R K University on 5th to 7th April 2019, which was attended by the faculties and students of **B H Gardi College of Engineering and Technology**. This event was organized in two parts one day of lecture series and two days for village visit.

The main objective of this event is to make a small effort to give the passage through the technical knowledge of the country's rural area.

On the 1st day of event, there were lecture series of various experts from the different fields. **Dr. Satish B. Agnihotri** had talk on "**Bharat and India: A case of inequality**", who had shown inequality between urban and rural area of the India. **Mr. M. V. Ashok** had delivered lecture on "**Agricultural Marketing and Digital Agro Entrepreneurship**". **Dr Bharat Damani** had talk on "**How to build and sustain a Social Enterprise**". **Mr. Deepak Gadhiya** shared his experiences on "**Solar inventions and Rural Development**". **Mr. Sunil Shrivastav** had shared challenges they faced for "**Water in rural development**".

Prof. Mittal Shah form Department of Electrical Engineering, **Prof. Parag Paija** and **Prof. Dhvani Pandya** from Department of Mechanical Engineering had attended the event for the 3 days. So after lecture series they got an amazing experience of the game called: "**Masti: A Life Simulation Game**". In this game they learned how to balance life between money, achievements and society in various circumstances of life.

Interaction with Villagers at Jasdian

Interaction with Villagers

On day 2 village visit was organized at **Vakiya, Sukhpar** and **Fulzar**. During this visit they learned what kind of problems they were facing and how they had found the way to overcome it? Their main problems are water, sanitation, education, agriculture, malnutrition etc. With the help reliance foundation they had built many check dams and water tanks using ferrocement to solve the problem of water. They formed farmers' producers' company to get proper price for their crop.

On day 3, there was interaction with the leaders of village and members of the Farmer' Producer' Company. During this interaction they got to know about challenges they faced during the formation of the company and finally their success. We had also visited **GOSEVA** Company and interacted with **Mr. Ghanshayam Das** about how he has started this venture.

It was wonderful experience to be a part of such a mega event. As an engineer it was so great to interact with such wonderful minds working in social development of rural areas in our country using technologies.

YFRI 2019 Organised by Reach2Root

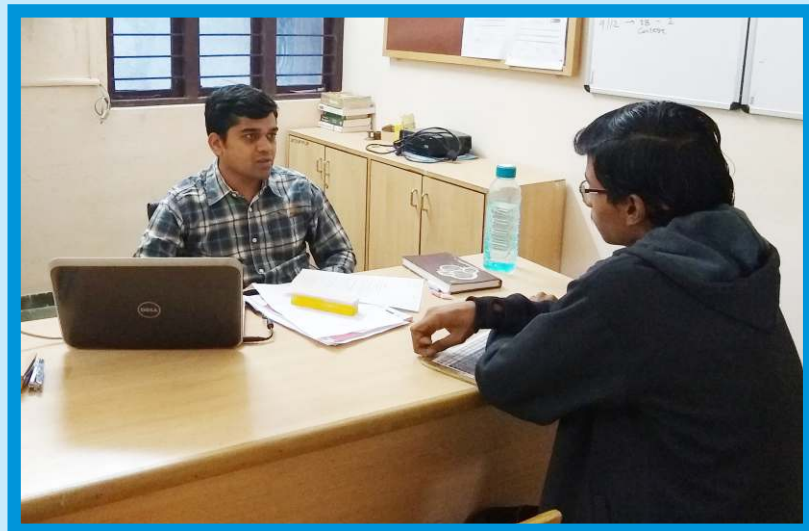

organized a gathering of faculties and first year students under the caption "Coffee with Mentor". Prof. Gaurav Joshi, Prof. Manish Patel, Prof. Priyank Zaveri, Prof. Parag Paija, Prof. Nirav Mehta and Prof. Nidhi Chandarana took the efforts on 30th November 2018.

Perhaps the most positive aspect of mentorship was that it came up with the

personal issues of the students and above all its solutions too. Many nostalgic students got motivated and engendered confidence. Additionally it also helped in building good relationship, attitude and behavior among the youth.

A research proved that mentor-student relationships, along with friendships, to be fundamental in overall student success. "Research has... shown that peer and professor connections are the central daily motivators for exploring, discussing, studying, and learning, and that relationships of all kinds are often tied to a major positive result."
